## Mortgage Money Cheapest in History

By Roger Babson

BABSON PARK, FLA., Feb. 7 — Mortgage money is cheaper today than ever before in the history of the United States. Even the Cooperative Banks, which have charged six per cent ever since their organization years ago, are now loaning money at four per cent. Moreover, the terms are very much easier than ever before. During the years preceding the last depression home mortgages were written for from three to five years as a maximum. Now the borrower can be accommodated by mortgages written for 20 years, or perhaps even longer. Although it is much easier to borrow money today than during prewar days, the cost of home building now averages 50 percent charges at four percent on a house costing \$7500 are no greater, in total, than were the carrying charges at six percent on a house costing \$5,000 in prewar days. Hence, this is a good time to plan a new home. Surely the land should be purchased at once. The very fact that money rates are very low and building costs are high makes mortgages less attractive to the lender. In fact, I see little inducement for private individuals to loan money on mortgages. (Continued on Page Seven)

### Rex Had Brilliant Record As K-9, Brothers Learn

Rex went to war, but will most likely never return home.

Rex was a German shepherd dog owned by Robert and Richard Ellertson of 48 Lakehill ave. Given them as a surprise gift on a Halloween night, the dog became a close companion to the boys. They owned him for three years. Then came the war.

When an appeal was sent out by Dogs for Defense, for dogs which could be used in the Army, the Ellertson brothers, after some very serious thinking, decided to offer their dog to Uncle Sam.

It was only recently that the boys heard of Rex's war record from Cpl. Anthony P. LaMarca of Brooklyn, N. Y., Rex' overseas companion. It seems that when Rex

### Peirce & Winn Property Sold

The Peirce & Winn Company coal yard at 18 Mystic st., in Arlington Center, has been sold, the NEWS learned this week.

The property was conveyed by the estate of Warren A. Peirce and Walter H. Peirce to Ray C. Johnson of Boston. Papers on the transaction were passed last Friday, according to Atty. James A. Bailey, who represents the Peirce estate.

What the new owner intends to do with the property, Atty. Bailey does not know he told the NEWS. It has been rumored for several years that at least two department stores and one chain food store were interested in a location on this site. The Planning Board has also included an article in the warrant for the annual Town Meeting requesting an appropriation to buy the property for a parking area and possibly a bus terminal some time in the future.

War Dog

(Continued from Page One)

returned from Italy at the close of the war, the Ellertsons were notified that the dog had been returned to the "separation center" in Kansas, but that Rex, companion in the Army had become so attached to the dog he had requested permission to keep it. "The Army, of course, referred the request to the Arlington youths. The Ellertsons elected to allow the Army corporal to keep Rex.

In his letter thanking the Arlington brothers for their decision, Cpl. LaMarca said he had first met Rex in May, 1944 when he began training for scout work for overseas duty. He trained Rex until the following August when they left for overseas. "Rex is a very friendly dog and one of the most intelligent I have ever run across. He proved one of the best dogs in our outfit. He knew how to act and when," wrote the corporal. Although the dog "became very vicious," according to the New York soldier, "he is still very efficient, intelligent and obedient."

LaMarca told how Rex was assigned to front-line duty with the 5th Army, and at times was stationed about 200 yards from the nearest German machinegun nest. Actually, other handlers had trouble keeping their dogs awake, according to the soldier, but he had very little trouble along this line with Rex.

"I could talk to Rex and I knew that he would protect me from danger," LaMarca wrote.

The soldier described how he and Rex held a particular position during four days and nights of constant rain; how they underwent concentrated mortar fire and shelling that lasted for three hours without any letup; how he and Rex went out on patrol to check German positions. "Take it any way you'd like, but I'd say Rex saved our lives," LaMarca wrote. Several dogs were wounded and others were killed in the outfit, but Rex was never touched. And that, briefly, is the story of Rex's adventures as a K-9. Snapshots sent the Ellertsons show Rex in a dugout at the front.

"Have no fear, Rex will always have the best of everything. We went through too much together," Corporal LaMarca promised the Arlington brothers. And they are well satisfied that it's all for the best.

2 Veterans' Brides Here From England

Tired after a trans-Atlantic trip aboard the nursery ship Argentina, but happy to have reached the United States, two young English brides, wives of Arlington World War II veterans, arrived "home" Monday night.

With about a dozen other GI brides, the new arrivals were on a special parlor car attached to the New Haven Railroad's "Gilt Edge" from New York. As the train pulled in at South Station in Boston, their husbands were among those gathered at the station to greet the brides and babies, vanguard of 50,000 English brides of American servicemen and their 15,000 babies who are to return to this country. The Arlington brides are Mrs. Ivy Margaret (Burt) Hoyt, just 20 years old on Tuesday, the wife of Richard M. Hoyt of 76 Eastern ave., discharged Navy veteran; and "Toni" (Lupino) Connolly, wife of Marine Sgt. Francis M. Connolly of 342 Massachusetts ave. With her was their two-year-old son, Kenneth.

Attractive Mrs. Connolly is the daughter of Barry Lupino, the Barrymore of England. Her ancestors, she said, went to England as court jesters from Italy in 1642. As a child, she toured the United States in "Babes in Toyland." She has since appeared in several other plays in England but has decided to give up the stage to the other members of her distinguished family. Her son made his stage debut when he was carried before the footlights of Palladium Theatre in London by his grandfather.

Mrs. Connolly met her husband, who will not receive his discharge until next September, in London while he was an orderly to Admiral

Stark. They were married in the Church of Our Lady in St. John's Wood, London.

Greeted By In-Laws

Mrs. Hoyt, who was greeted at the train by her 21-year-old husband and his parents, Mr. and Mrs. William M. Hoyt, cried, "This is the happiest day of my life." From the moment the Argentine, first British war bride ship, had passed the Statue of Liberty early Monday morning she had counted the minutes before this reunion. "I always wanted to come to America from the time I was a little girl. Everything about America seemed so friendly. There was too much class distinction in England altogether!"

Youngest of three children, Mrs. Hoyt was born in Gosport, England, the daughter of a mechanical engineer. "We had no maid," she told a reporter. "What we call society people would have a paid servant in the days before the war, when you could hire one for seven and six a week (about \$150) to work from 6 in the morning until 9 at night, seven days a week, with a half-day off. Now you can't do that. Everyone is fighting for what they want and I think the American people started them off!"

Bombed Out Twice

Gosport, a naval base, was one of the first targets of the war and in its second big raid in December, 1941, Ivy's house was destroyed. The family moved to another big house which suffered a direct bomb hit the following April. Then the family moved to the country at Clay Alvestoke.

It was while working as a bus conductor in Gosport that Ivy met her husband in 1944. "He was so gay and lively and full of fun," she said. "He came often to our house and my family just worshiped him." They were married in Janu-

ary, 1945. The couple lived in Falmouth, Cornwall, in one room until the husband returned to the United States. Then came the good news, last Jan. 1, that Mrs. Hoyt would come "home" from the first bride ship. Since then, "everything has been a dream."

Due "Home" In Few Days

Three more English brides, the wives of Arlington veterans, are returning to this country aboard the Queen Mary which is expected to dock in New York tomorrow or Sunday.

They are in the second contin-

gent to return to this country. The brides are Dolores Fitzgerald, 22, wife of Capt. Johnstone Fitzgerald of 165 Brooks ave.; Sheila P. McGuinness, 17, wife of GM3c James J. McGuinness; and Enid A. Hasselbaum, 21, wife of First Lt. Roth Hasselbaum of 101 Lake st.

Joins Coast Guard Before 18th Birthday

Enlisting in the United States Coast Guard several days before his 18th birthday, Robert J. My-

ers, Jr., of 10 White st., left Wednesday morning for the Coast Guard base at Curtis Bay, Maryland. A graduate of Arlington High last June, Myers had just completed the fall term at Harvard College. A group of relatives and friends gathered at his home last Sunday evening, to celebrate his birthday, and to bid him farewell.

Mrs. Lamphier is the daughter of T. Arthur Nosworthy, president of the Bronx Savings Bank of New York City. Dr. Lamphier's brother, Maj. Richard Lamphier, AUS, with 42 months overseas duty, was attached to Adm. Nimitz's staff at Pearl Harbor. Another brother, Capt. Timothy Lamphier, AUS was with Gen. Patton's Army in France and is now a surgeon at the Cushing General Hospital.

## China Missionary Will Speak Here

Miss Ruth E. Mather, missionary from East China, will speak at the First Baptist Church this evening at 7:45.

In 1939 Miss Mather began work in Shanghai. The war made many changes necessary. She had a long series of evacuation experiences just one jump ahead of the Japanese troops. Her adventure and hardships as she fled with the Hangchow University, a refugee institution, make interesting reading.

Miss Mather worked in Calcutta before coming home on the crowded Gripsholm that arrived in New York last August.

## 19 Presented Nurses' Caps

Nineteen members of the Class of September, 1948 received their caps at Symmes Arlington Hospital in an impressive ceremony at the Nurses' Home Monday evening. This is one of the largest classes in the history of the Symmes School of Nursing. A group of parents and friends of the students, members of the hospital staff and of the board of trustees was present.

The invocation was given by Rev. Charles E. Pedersen. Mrs. Aurilla L. Shapleigh, director of the School, gave the address of welcome. A short inspirational address was given by Rev. John N. Mark and the mesabo to the class was given by Philip A. Hendrick, president of the trustees.

The capping was conducted by Mrs. Grace Keefe, instructor of General Nursing and acceptance of the members of the class by Miss Nora A. Brown, superintendent of the Hospital. The candlelighting ceremony was led by Joan Boudrot and Edith Dickerman, members of the class. Myrtle Kimmens, another member, recited Longfellow's "Santa Filomena," the program closing with the singing of "Follow the Glean" by the Class with benediction by Mr. Mark. Refreshments were served at an informal gathering following the program with music by members of the class.

## Parmenter School PTA

Dr. Anson DuBois of the Human Engineering Laboratory will speak on "What Aptitude Does Your Child Have?" at Monday afternoon's meeting of the Parmenter School PTA. The meeting will start at 2. Refreshments will be served by Mrs. George Kramer, assisted by second grade mothers.

## Symmes Women's Aid Bridge Mar. 1

March 1 has been set as the date of the annual dessert bridge of the Symmes Hospital Women's Aid Association.

The affair will be held in the Robbins Town Hall and those attending must contribute a bundle of saleable clothing or household articles. This, in turn, will help stock up the Association's Thrift Shop on Mystic st. Proceeds from the sale of merchandise at the shop help carry on the association's philanthropic work.

## Fire Record

Firemen were called out Sunday night for an oil burner fire in the cellar at the home of Everett A. Reed, 148 Crosby st. Friday morning, an alarm was sounded from Box 192 for a fire in the apartment owned and occupied by Rosario Oppedisano at 75 Decatur st. "Recall was sounded within 20 minutes. Late last Thursday night, another alarm was sounded for a fire in the cellar of Harold A. Tenney's real estate office at 107 Massachusetts ave.

An alarm was sounded shortly after 9 Monday morning for a fire at the home of Harry Lynch of 1291 Massachusetts ave. The fire was discovered by patrolman Shea.

## UNIVERSITY THEATRE

"Snafu!" The play that started Broadway howling comes to the screen of the University Theatre as a George Abbott film production release on Sunday. Nothing could be funnier than the hit stage play, but this is.

Robert Benchley, Vera Vague, Conrad Janis, Nanette Parks, Janis Wilson, Jimmy Lloyd and School PTA. The meeting will start at 2. Refreshments will be served by Mrs. George Kramer, assisted by second grade mothers.

## Store Offers Free Photos

In a unique announcement the Harry T. Fox Furniture Company at 430 Massachusetts ave., Arlington Center, is offering Arlington mothers a free photo of their babies under two years. All that is necessary is to call the Fox Furniture Company and make an appointment for next Monday afternoon.

## Cemetery Association Elects 2 Local Men

The Greater Boston Cemetery Association at its annual meeting held last week at the Hotel Woodbridge, Somerville, elected Wathen B. Henderson, superintendent of Mt. Pleasant Cemetery, as a trustee and Herbert Philpott, superintendent of Mr. Auburn Cemetery and son of Anthony J. Philpott of Arlington, as secretary-treasurer. Mr. Henderson retired as president of the organization.

In conjunction with similar action taken by other cemetery associations, the Greater Boston group went on record as opposing the establishment of National Cemeteries in every state in the Union. The group contends there is ample space in existing cemeteries, maintained without cost to the Federal government, to take care of all veterans who might request a burial in a public cemetery.

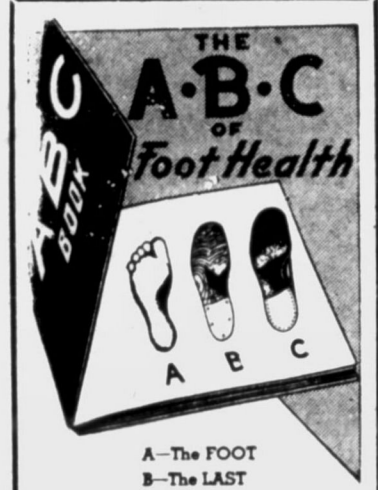

Cities and towns have always set aside a plot for soldiers and sailors, free graves if desired. Arlington provided a plot for the G. A. R. which will never be entirely filled.

## SEVEN MORE ENTER SERVICE

The following Arlington young men were inducted into the armed forces during the past week: Richard D. Carney, 47 Lake st.; Robert J. Gray, 40 Magazine st.; Miller R. Robertson, 7 Pond View road; William A. Harris, 32 Dorothy road; Charles F. Lubinger, 36 Dow ave.; and James T. Flaherty, 55 Brattle st., all of whom entered the Army. Also John F. Burke, 33 Brooks ave., who entered the Navy.

Most of the group left last Thursday morning and brief exercises were held at the Robbins House where Rev. John Nicol Mark addressed the men. Rev. Paul Sheldon and Rev. Nathan Wood were also present.

T/4 Leo Rowley of 16 Farrington st., has returned to the United States from the Pacific War theatre aboard the SS Stetson Victory.

## AMERICAN BROTHERHOOD WEEK

The same principles that are being urged to promote peace and harmony throughout the world should be brought into play in our towns and cities.

Loyalty to each other in a cosmopolitan grouping of nationalities as they exist in America is absolutely necessary for our own self-preservation.

It is not enough to indulge in vague generalities on this subject and then proceed to build up our racial, educational or religious interests without considering our responsibility for the All-American development of all people.

The acceptance on our part of the ideals which have made this country great will mean proper representation of all peoples in our political, religious and social life, and a recognition of the fact that it is our right as Americans to enjoy freedom of speech, freedom of assembly and freedom of worship to the fullest extent.

We might ask ourselves, "Am I my brother's keeper?" and then see what failure to answer the question in the affirmative has brought the world in suffering and misery.

The world today is a neighborhood and President Truman does well to urge us to pledge ourselves to the consideration of loyalty which will unite our country as a leader of peace and assure happy homes for our citizens.

## DON'T LOOK TO WASHINGTON

The controversy over wages and prices is paralyzing the country. The situation calls to mind the words of the editor who said, more than two years ago: "Sometime in the not-too-distant future we, at home, are going to find out what total war means, even though we may never feel the impact of bombs on our cities. A pretty good indication of how we are going to find out can be seen in the gusts of bitter controversy sweeping through the land over strikes, taxes, subsidies and inflation. They are the prelude to the storm. When it hits in full fury, the test of our love of freedom will be upon us."

The storm has not hit in full fury even yet, but as it builds up, as the terrific cost of "total" war begins to be felt, far too many people are seeking the "protection" of the government by decree. Their eyes are fixed on the price-wage storm. They fail to recognize the deadly menace of oppression at their side. Those who question the advisability of continued rigid price control and all the other anti-inflation paraphernalia, as a matter of principle, are looked at askance and are reminded that the country will not tolerate the threat of rising prices.

Suppose this kind of chicken-hearted reasoning had been indulged in by the men at the front who learned about total war the hard way? Suppose those men whose lives, not just their comfort, were at stake, had said they would not tolerate the hazards of facing the enemy? The answer to that is that the war would have been lost.

Today we are going to lose the fight against inflation, we are going to lose the peace and we are going to lose our freedom unless we stop erasing before the risks of instability that are destined to be the home front's part of the total war we at home have talked about so blatantly for the past five years.

There is something of far greater importance to every American than the immediate problem of prices and wages. That something is our representative form of government which gave us a free nation. We have imposed upon it a far greater responsibility for our personal welfare than it was ever intended to endure. It has begun to spring at the seams.

With the steel strike still unsettled, and the New York area suffering real hardship because of a strike there, it becomes more obvious that the situation calls for some give-and-take on the part of industry and labor. In short, America must not look to Washington alone for answers to problems which not even a dictator could solve. More emphasis on free enterprise and decent living wages, and less on subsidies and price controls seems to be the answer.

## The NEWS OBSERVES

The first registration session to enroll new voters prior to the annual Town election was held Wednesday, with another one due today. A complete list of registration dates appears in the NEWS. While there is no competition to speak of for major town offices, there are many contests for Town Meeting members and all those eligible to vote, and who have not registered, should do so now. Arlington will continue to have good government only if the general public takes an interest in town affairs and elects the best qualified candidates.

Arlington is having an honest-to-goodness bout with Old Man Winter, the latest and toughest round being Wednesday night when glare ice covered hills and forced many motorists to leave their cars by the curb and walk home. Yesterday's higher temperature melted some of the snow and ice and turned streets into miniature rivers.

Hang on to your hats, we're going to be introduced to what is called "A price plateau." Despite the fancy name, it sounds like higher prices for the consumer.

## "Shirts Off Our Backs"

Arlington Scouts, and that means Cub Scouts and Senior Scouts, will have the opportunity of sharing in one of the greatest Good Turns in Scouting history, the national "Shirts Off Our Backs" collection of discarded uniforms and equipment for Scouts in war-ravaged countries who are in dire need of them.

This drive will begin today and continue to March 15, the boys turning their donations over to their Scoutmasters, Cubmasters, or Senior Unit leaders.

It is hoped and expected that over-the-seas associations and friendships will grow out of this effort, as the boys will be provided with gift tags to be attached to the articles. These tags carry the name of the donor, a word of greeting and the suggestion that the recipient write the donor, telling about Scouting in that country.

The most needed uniform items (laundered by donor), include shirts (without badges), hats, caps, shorts, breeches, trousers, socks, shoes, belts, neckerchiefs, slides and lanyards. Equipment which would help them most includes axes, knives, haversacks, mess kits, compasses, first aid kits, signal flags, tents, and Scout literature.

The Arlington District Committee feels that there are many former Scouts in Arlington who would like to participate in this worldwide Good Turn, by donating their old Scout uniforms and equipment. Those wishing to do so may call Paul J. Power, Horace H. Homer, or Willis E. Monroe, and a Scout in the neighborhood will be sent to pick it up.

gates at this time unless they do it to help the sale of property which they desire to unload. As a cold business proposition, I should hate to tie my money up for 20 years at three and one-half or four percent interest. This is why I am bearish on most high grade, long-term bond issues.

## "Packaged Mortgages"

Borrowers have another advantage today in many communities. I have just noticed an advertisement by the First Federal Savings and Loan Association of New Haven, Conn., offering to "loan money for building and equipping a home with all mechanical conveniences for comfortable living."

This includes insulation, cooking range, refrigerator, washing machine, garbage disposal, ventilating fan as well as complete heating and lighting equipment and the latest plumbing fixtures. I understand that some banks are even including air conditioning.

Up to the present time, when these electrical appliances were available, it has been possible to buy them on installments, running over about 18 months. This, however, has been a heavy burden on young people. Now, under "packaged" mortgages, all these brand new appliances can be included with the original cost of the house, and paid for over a period of 20 years. Furthermore, this program is much more convenient to the borrower because he is dealing with and making payments to only one concern, namely the bank, instead of to several local dealers.

I estimate the cost of such equipment would add only about 60 cents a month for every one hundred dollars worth bought on the above basis.

To keep the house up-to-date, these "packaged" mortgages allow for replacement of appliances and provide payments therefor by the addition of a few cents to the above-mentioned figure. It should also be remembered that under such a program the cost of the appliances is considerably reduced as the agent's commissions are either eliminated or cut down to a nominal figure. Whether or not your bank will pay for your electrical appliances, it will take your mortgage on a monthly payment basis which will include payment of taxes, insurance premiums, legal title fees, and other expenses. All of this amounts up to no more than you are now paying for rent.

Moreover, under this new system you will some day own your home outright without any more payments.

## Bullish on Electrical Companies

When I saw the government cancelling its big war contracts with the General Electric, the Westinghouse and other similar companies after Japan collapsed, I became fearful. Although these companies would save considerable through the elimination of the excess-profits taxes, yet I doubted if new peace business would offset the loss of war business.

The more, however, I study these "packaged" mortgages the more hopeful I become for the electrical appliance stocks. Certainly, if this new form of loaning money to home builders becomes general, it should be a boon to the electrical equipment industry. Home owners will buy much more equipment and much better equipment. Furthermore, this trend will make housework lighter, conserve and protect foods, and perhaps even reduce the cost of living. One other thought: This expansion should greatly increase the demand for "fix-it" shops which is a suggestion to returning G. I.'s.

*Bringing in the "Groceries"*  
An all-year-round activity of the New Haven Railroad . . . bringing in thousands of carloads of fresh meats, fruits, vegetables, and many other items that add freshness and variety to New England menus.

*Bringing in the Guests*  
Another big task of the New Haven Railroad is to bring in its share of New England's 2,500,000 winter and summer visitors.

Because the New Haven Railroad bears so much of this freight and passenger carrying responsibility, we are interested in all parts of New England. This year, with thousands more people planning long-deferred vacations, we are readying our modern equipment to provide them with the gracious comforts that they associate with train travel into New England. Air conditioned equipment now on order will embody the newest trends in passenger train design . . . including stainless steel exterior coaches . . . luxurious new parlor cars . . . smartly appointed Diners and Grill cars. All are planned to make our guests more comfortable . . . to offer them more conveniences, more room to move about, more space for relaxation.

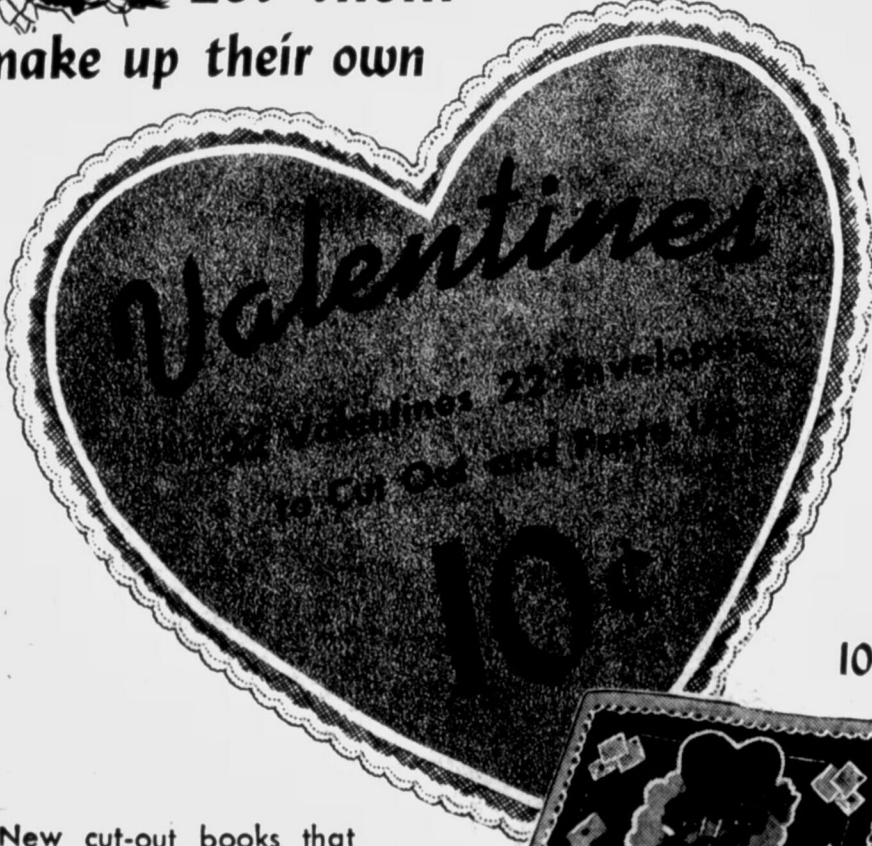

*We're in this Recreational Business together . . .*

We bring in the guests on the same gleaming rails over which flow the "groceries" for New England and its five thousand hotels, inns, and other friendly little places-to-stay. The more we bring in, the better business it means for you. Our prosperity depends upon your success, and the continuing prosperity of New England.

as well as Broadway would be involved. The idea of erecting the memorial adjacent to the Arlington High School was abandoned because of the excessive cost anticipated in taking property at this location, Walter T. Chamberlain, member of the special committee, told the NEWS.

# AN URGENT APPEAL!

## HELP A VETERAN TO FIND A HOME FOR HIS FAMILY

THOUSANDS of our boys are coming back ... Veterans ... They hope to settle down to a life of Peace ... a Happy Life! THEY are entitled to it! But what has happened? Conditions have changed. They can't find places to live. There is an extreme shortage of housing facilities due to war-time programs. YOU know the situation — it's CRITICAL, to say the least. Pick up a newspaper and read the Homes-Apartments-Rooms Wanted sections. The demand exceeds the supply!

## SHELTER WANTED

to alleviate heart-ache and suffering. OPEN up your home to Veterans and their families. Maybe you have one or more spare rooms. Perhaps you can convert a portion of your home into a dwelling unit. In so doing, you will not only be performing a humanitarian service, but you will create an additional income for yourself. ACT TODAY!
